

LWC 2022 PROGRAMS

22 JANUARY: Animal Footprints (cancelled because of COVID). We hope to be able to fit this into our schedule at a later date.

28 FEBRUARY: Travel Presentations by Terry Turner (New Zealand), Danielle Ray-Swords (Greenland dog sledding), and Kathy Packard (Iceland). Held at Livermore Community Church. Refreshments provided by Terry Turner and Danielle Ray-Swords.

26 MARCH: Wildflowers. Contact person is Sheila Baker. Meeting is at the home of Danette Meyers. Refreshments TBA.

30 APRIL: Presentation by a Cherokee Park Wildlife Technician. Contact person is Danielle Ray-Swords. Meeting location and refreshments TBA.

28 MAY: Presentation on Birds by Jim Carpenter, husband of member Nancy Carpenter and founder of Wild Birds Unlimited. Nancy is our contact person. Meeting location and refreshments TBA.

25 June: Friends and Family Picnic at the home of member Mary Torrez (and husband Andy). More details later.

30 July: Tour of Whiskey Belle Ranch and Hairy Coos. Join us for a tour of Whiskey Belle Ranch owned by member Alanna Day and husband Bob West. Many of us have been delighted to see their highland cattle grazing in pastures along the Cherokee Park Road. Refreshments TBA.

HAIRY COOS (photos taken in Scotland)

27 AUGUST: Anniversary Meeting with Iris Damon. Details TBA.

17 or 24 SEPTEMBER: Excursion to Pinon Grove. Contact person is Kathy Packard. FYI: It is not a given that this excursion will take place. The Stewardship Coordinator for the Colorado State Land Board (owner of the pinon grove) is trying to bring this to fruition for us. However, a number of interested parties have to approve our request for a tour. Thus, we will not know for a while whether this will work out for us.

29 OCTOBER: Field trip to Bee Family Farm (www.beefamilyfarm.com). Seniors \$6, Other Adults \$8. Terry Turner is our contact person. More later.

19 NOVEMBER: Soup Lunch and Cookie Exchange. Noon. Livermore Community Church. Details TBA.

Please bear in mind that this schedule depends on what happens with COVID and the pandemic.
